

## Instruction to Selected Participants

### PRESENTATION OF REPORT OF THE PROJECTS:

- The selected students will be intimated to submit **TWO hard copies** of detailed Project Report in about 18 pages (Times New Roman /Font 12/A4 sheets).
- One copy is for presentation (display) in science fair and the other copy should be submitted at the time of registration in person.
- A soft copy of the report should be emailed to the Organizing Secretary (aalimnsf2017@gmail.com) on or before 2<sup>nd</sup> Jan, 2017.

### The project report should be prepared under the following headings:

- Selection of the problem/Statement of the problem
- Formulation of hypothesis
- Related studies (in brief)
- Sampling
- Experiments/Observation / Collection of data (in detail)
- Results and Discussion/Testing of Hypothesis
- Conclusion of the study
- References
- Acknowledgement

### DISPLAY OF PROJECTS IN NATIONAL SCIENCE FAIR (NSF- 2017)

- A report consisting of 18 pages of the data and summary of the projects shall be displayed on the cardboard or thermocol (three boards of **3'x 2' dimension**) attached to each other.
- Each board arranged vertically should contain only **SIX A4 Sheets** for a symmetric arrangement (18 in total). A4 sheets with **Yellow back ground**, typed in black or other colors with different font size and style (not exceeding 18 pages in total) as specified below.

### Specifications for the Report to be Displayed Cardboard

- Paper Size : **A4 (Yellow papers advisable)**
  - Line Space : Double line
  - File : MS Word
  - Font Size : Main Headings 28 point  
Sub Headings 24 point  
Running text 14 point
  
  - Font Style : Times New Roman
  - Diagrams/ Designs/  
Devices Circuits : Scanned or Photographed to  
A4 Size
  
  - Maximum No. of pages  
Allowed for Report Display : 18 only (A4 SIZE)
- 
- Devices or equipments newly made and used to carry out the project can be shown by a schematic diagram drawn on A4 sheet.

### **Display of the working models /device or equipment is optional.**

- The student who carried out the experiment and enrolled only will be permitted to display and present in person the project during the National Science Fair (NSF-2017).
  - **No substitute is allowed.**
-
